Kids-4-Kids Charity

Starting this month every Friday our Afterschool Students will be baking, preparing, and selling cookies and popcorn for \$.50 cents or \$1 dollar to raise money for children in need this holiday season. **These items will be sold during pick-up time as well as during our Fall Carnival.** Please your children to participate by earning money at home to purchase treats for our charity. Let us all use this season to teach our children about helping others and what it means to give to those in need during the holidays. *****Kids-4-Kids Charity was created over 10 years ago by our school age students because they wanted to help the community in their own way. Our students started becoming aware of other children in need and really wanted to give something special to them during the holidays and this charity is their way of giving to those less fortunate.**
